Good Afternoon,

Last week we had lots of fun completing our art competition paintings of the school. They are all really unique and original, I think the judges will have a really hard time deciding between them!

This week we will be doing computing. Exploring the paint app and the tools on there. We will be using this to create a digital painting of an Easter egg ready for the Easter holidays.

We will be recapping lots of previous learning in maths, looking back at missing number problems, 3D shapes and ordering higher numbers.

We will be doing phonics assessments all week. These are the same structure as the ones we have been doing at the end of every half term so the children will be very familiar with them by now. This will help us to see how everyone is getting on and see what we may need to work on in the run up to the phonics screening check in the summer term.

PE this week will be swapping to Tuesday. Please have **PE kits (with shorts!) for Tuesday not Wednesday.**

Hopefully the sun is now going to be making a more regular appearance (fingers crossed...) so please can everyone be bringing sun hats in bags.

It will be **green team's** turn for our last show and tell of the term. Please send a photo of your child's favourite place to the Owls email address if they are in green team.

Finally, it has taken us a while to figure out but we have finally worked out how to add photos to the new website again! Please visit the owls page on the school website to see what we are getting up to in class each week: [Hingham Primary School - Weekly photos](#)

Have a great week, nearly at the Easter holidays!

Many thanks,

Miss Waterman and the Owls team.
