

The best thing about being the Kingfisher Class teacher is that I get to know the children in my class really well. I am also lucky because the children in my class tell me about every tooth they lose throughout the year!

## All About Me!

Miss Khanam

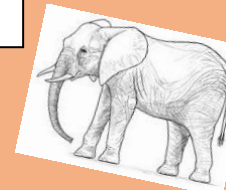

## Some of My Favourite Children's Books:

## Facts About Me:

- I came to England from Bangladesh when I was a toddler.
- My favourite animal is an elephant.
- I like the colour red.
- I have taught in two schools in London and three schools in Norfolk.

I have two teenage daughters who keep me very busy. As a family, we like to go on long walks and then get cosy on the sofa with a big bowl of popcorn and a good film.

I love doing Forest School at Hingham. My favourite things to do are whittling and cooking over an open fire in the woodland area.
