

Kingfisher Class Newsletter

Friday 26th September 2025

This week in Kingfisher Class...

English: We have been reading Handa's Surprise in preparation for writing our own journey story. The children have created a story map to plot the events.

Maths: We began the week by looking at how you can partition 2-digit numbers in different ways. We then wrote numbers to 100 in expanded form and placed 10s and 1s on a marked number line.

Computing: This week, we have looked at how information technology (IT) is being used for good in our lives. We started by exploring IT in the home, then how IT is used in public places such as shops, libraries, and hospitals. We discussed how we can responsibly use technology and make smart choices when using it.

P.E: We have been throwing and catching using an under-arm throw.

Notices and messages:

1. Please continue to encourage your child to log on and play Numbots. On Mondays, stickers will be given to all children who have managed to play Numbots for 25 minutes over the previous week.
2. Photos of our learning at Forest School can be found on the Forest School page on the school website.
