

Rule for adding suffixes to "fer" words

If the stress is **on** the "fer" you will need a **double r**.

If the stress is **not** on the "fer" you can keep **one r**.

Examples:

Prefer → Pre **fer** r ed pre **fer** r ing *pre* fer r ence

Suffer → Su ffer r ing *su* ffer r ed

Refer → Re **fer** r ing *re* fer r ence re **fer** r ed *re* fer r ee
