

Kingfisher Class Newsletter

Friday 10th July 2026

This week in Kingfisher Class...

English: We have applied our writing skills in order to complete our bean diaries in Science this week. We have been carefully observing the changes taking place in our experiment and noting them in our diaries.

Maths: We have revised telling the time this week and have encourage the children to keep practising this important skill throughout the summer holidays.

Computing: We have been learning how to program a quiz using Scratch Junior.

PE: We have continued to enjoy our scooting lessons and are developing some great skills.

Photos can be found on the website.

DT: We have practised our running stitch skills this week.

Notices and messages:

1. Please send your child to school with a carrier bag next week as they will be bringing home work from Year 2.
