

Hedgehog Class Newsletter
2nd October 2026

Can you believe we are over half way through this half term already! It's been another week of hard work and exciting learning experiences.

Class Notices:

Our class have been asked to take part in a project in association with Norfolk Museums service and the UEA. They are looking for feedback on an animation that is being made to be shown in one of the museums across the county. The animation will tell the story of the sinking of the HMS Gloucester and explain why it is an important local, as well as national, event. Mrs Davidson will be putting her museums hat on for an afternoon over the next fortnight and transport us all back to 1682 for some storytelling, object handling and general historical fun and games.

Homework:

This week…

46% of the class completed their 15 TTRS minutes

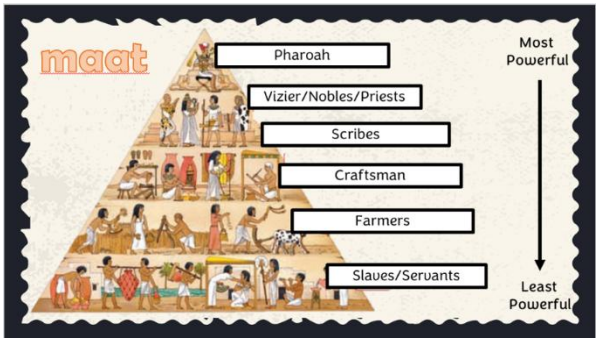

38% have read for 15 minutes a day

Learning this week:

In **Maths**, we have been adding and subtracting 1s, 10s, 100s and 1000s, as well as adding two 4-digit numbers with and without exchanges. We have started to remind ourselves how to subtract using column method ready for something more challenging next week.

In **English,** we have made inferences about characters in Mission Possible, created own our characters and planned an atmospheric setting. We have thought about how to use adjectives to create vivid descriptions and reminded ourselves of the rules for punctuation speech, ready to get writing our own spy stories.

Our **History** this week was all about the structure of Egyptian society. We looked at the roles of different groups of people and thought about which we though were more or less powerful before looking at the actual way that Ancient Egyptian society was organised.

In **Computing**, we discussed online relationships and how to conduct ourselves online.

In **PE**, we practised our communication, team work and listening skills in group tasks and also passing and defending in Tag Rugby.

In **Reading Skills**, we shared a text about World Environmental Health Day and answered questions.

In **Science**, we revised the different types of teeth that humans have.

In **Music**, we continued our unit on body percussion.

In **PSHRE**, we have discussed how we can develop a growth mindset to help us when things get tricky.

If your child, would like to complete any tasks at home linked to our learning, that would be brilliant! If they share it with the class they could get a Shooting Star.

Dates for your Diary

Date	Event
15.10.26	Skateboarding / Scooter session
19.10.26	African drumming workshop
22.10.26	Young Carers Forest School session
23.10.26	INSET School closed
26.10.26 – 30.10.26	Half term
2.11.26	Back to school
9.11.26 - 13.11.26	Parent's evening week
31.11.26	Young Carers Charlie Cheesecake
7.12.26	Whole school panto trip
21.12.26 – 1.1.27	Christmas holidays

If you have any questions, please feel free to speak to us at drop-off or pick-up time. Alternatively, please email us via the class email address, which is hedgehogs@hinghamprimary.org.uk.

Have a wonderful, fun and restful weekend.

Kind regards,

The Hedgehog Class Team
