

Kingfisher Class Newsletter

Friday 9th October 2026

This week in Kingfisher Class...

English: This week, we have been thinking about what the main character in our story might be like and used adjectives to describe them. We used key words to build a character description and kept a focus on proper sentences!

Maths: We have done a lot of work on finding the number halfway between two multiples of ten. We then tried to find the middle number between two given numbers. Towards the end of the week, we compared numbers and objects using the greater than, less than and equal to (> < =) symbols.

Geography: We have continued to look at hot and cold places around the world. We learnt about why countries near the equator are hot and the challenges of living there. We then compared this to the challenges facing people and animals living in the polar regions.

Notices and messages:

1. Individual and sibling photos will be taken on **Tuesday 13.10.26**. Please send your child to school in their school uniform including a jumper or cardigan.
2. Weekly Forest School photos can be viewed on the Forest School page on the school website.
3. Please check the weather each week before sending your child to Forest School on Thursdays so you know what clothes to pack for the session. An extra layer, spare socks and gloves are always useful to have.
4. We are noticing which children are confident to quiz on their books / share good reading in a group. **Please listen to your child read as often as possible- it makes a big difference.**
